## EDUCATION

**Bachelor of Computer Science** Indian Institute of Information Technology, Bhagalpur July 2021 – May 2025  
**Expected Graduation:** 2025 **Grade:** 8.51 (**Absolute**)

## SKILLS

**Languages:** C++, HTML/CSS, JavaScript, ReactJS, MongoDB

**Developer Tools:** VS Code, Google Cloud Platform

**Technologies/Frameworks:** GitHub

## EXPERIENCE

**Developer Intern** Apr 2023 - July 2023  
**Doodle Health** Mysore, Karnataka

- Collaborating with team members to identify and solve technical problems.
- To follow up project timelines and communicate progress regularly to the team.

## PROJECTS

**HnC (Website)** Mar 2023 – Ongoing

- Developed an **Health Care Website and Progressive Web Application** along with a team which will help the users to not only locate the hospitals around their pin code automatically but also avail the services of the hospital easily.
- Used **HTML, CSS** and **JavaScript** to develop the Front End and **NodeJs, MongoDB, and various API's** are used to create the Backend of this website, I had the role to develop the Front End part of this website.
- We are currently working on the further development of this website so that we can launch it for the people.

**Youcisian (GitHub)** Nov 2022 – Dec 2022

- This project is a platform where you can play instruments which is very much similar to playing the instrument in real life. I have used **HTML, CSS** in the Front-End Part with **JavaScript** to act according to responses of the user.
- On this website, you can play piano by clicking on the keyboard's keys, which will cause a note to be played on the computer that sounds as it would be played on a real piano. To keep it from being cumbersome, the number of keys has been restricted to 24.

## ACHIEVEMENTS

- Maximum Rating on CodeForces: **1234 (Pupil)** under the Handle [Coder982](#).
- Highest Rating on CodeChef: **1648 (3\*)** under the Handle [dhruv2134](#).
- Achieved **2nd Rank** at college level in **ICPC Mathura-Kanpur Regional** site.
- Secured **Global Rank 462** in CodeChef Starters 48 2022 (Div 4) in CodeChef under the Handle [dhruv2134](#).
- Achieved **Global Rank 2501** in Round 839 organized on CodeForces under the handle [Coder982](#).
- Secured a place in **Top 10** among 25 Teams in college that participated in the **Smart India Hackathon**.
- Won **Institute Level Hackathon** and Qualified for **Regional level of Solving For India Hackathon** organized by **GeeksForGeeks x Google Cloud**.

## LEADERSHIP / EXTRACURRICULAR

- Gained **Fin-Tech Engineering Virtual Experience Program Certification** from **Goldman Sachs Organization** where we had to assess the level of protection offered by implemented controls and minimize the probability of a successful breach. [Completion Certificate](#).
- **Contributor** in **HacktoberFest** with 8 successful contributions. [Holopin Badges](#).
- Appointed as **Marketing Lead, GDSC IIIT Bhagalpur**
- Among **TOP 5 Table Tennis** players in the college.
